

Your training in Hospitality... fully funded!

Empyrean is now recruiting to fill positions available for Hospitality Training (Certificate II & III) to commence at our Lake St, Northbridge premise.

Approved trainees are eligible for 100% funding – that is, all fees will be covered by the Western Australian Department of Education and Training's Access Program.

Empyrean is Western Australia's premier training facility, offering first class training in a 'live setting'. Students practice new skills and knowledge in a real hospitality environment, with guidance from qualified industry professionals.

Come meet Empyrean's training coordinator to discuss training opportunities available to you... the coffee is on us!

Empyrean's Certificate II & III in Hospitality is available fully funded through initiatives by the Commonwealth Government and the Government of Western Australia. The Access Program promotes equal opportunity and access to quality training programs in a vocational setting.

1. To be eligible for full funding under the Government of Western Australia's Access program students must not currently be adequately engaged in the workforce.
2. If you are employed, the Commonwealth Government's Productivity Placement Program (PPP) will fund training fees for approved existing workers.

This program is jointly funded by the Commonwealth Government and the Government of Western Australia.
